

STAR BINDERS AND PLANNERS

This year we will be using a binder known as our STAR Binders. STAR stands for: In Mrs. Ryan's Room Students Take Action & Responsibility. This binder will be your best friend this year and should be treated that way. It will go home every night and needs to return to school with you every morning. This binder will be used all year, so should be treated with the utmost care and respect. NO drawing in or destroying of this binder or the contents in it will be allowed.

We will be using planners this year, which should help to get you organized and stay organized. These should be shown to and signed by your parent(s) EVERY NIGHT! It is your responsibility to show your planner to your parents and ask them to sign it. You will find your planner in STAR Binder. You will need to fill out your planner each day and have a parent examine and sign it each night.

Also in the STAR Binder is a pouch that we will fill on the first day with pens, pencils, and erasers to aid you with the completion of homework. The front pocket has been designated as a communication tool. This is where notes to parents, and notes to the teacher or school need to be put. Parents, please check that there are no important notes in this front pocket each night. In the back of your STAR Binder is a Homework Folder. You will need to put any work that you do not finish at school in this folder so that it can be completed at home. No papers other than homework should be stored in this folder. Your parents should check this folder before they sign your planner to ensure that ALL homework is completed.
